# Walther PDP / PPQ Series Pistols

**Walther Arms • PDP Compact, PDP Full Size, PPQ M2 & Q4/Q5 Match (9x19mm)**

| | | | |
|---|---|---|---|
| **Manufacturer:** | Walther Arms | **Category:** | Pistols |
| **Action Type:** | Striker-Fired Performance Duty Pistol | **Era / Service:** | Modern Duty & Competition (2011–Present) |
| **Calibers:** | 9x19mm Parabellum | **Covered Models:** | PDP Compact 4", PDP Full Size 4.5", PDP Pro SD, PPQ M2, Q5 Match Steel Frame |

## KEY ARMORER TASKS & BENCH OPERATIONS

**Core Procedures:** Performance Duty Trigger (PDT) Tuning • Stepped Chamber Inspection • Optics Plate Torquing (13 in-lbs) • Striker Assembly Maintenance • Ejector Clearance Check

## CRITICAL ARMORER TOLERANCES & SPECIFICATIONS

| SPECIFICATION / CLEARANCE | ARMORER TOLERANCE & BENCH SPECIFICATION |
|---|---|
| **CHAMBER DESIGN** | Walther stepped chamber (slight taper step near neck) creating tighter gas seal and higher bullet velocity |
| **TRIGGER SYSTEM** | Fully pre-cocked striker with Performance Duty Trigger (PDT); 4.5 to 5.0 lbs break with 0.1" reset |
| **OPTICS SYSTEM** | Factory direct slide optic cut with deep-set indexing lugs (Torx T10 screws: 13 in-lbs) |
| **SUPERTERRAIN SERRATIONS** | Deep protruding cocking serrations designed for gloved duty manipulation |

## IMMEDIATE ACTION & MALFUNCTION DIAGNOSTIC MATRIX

| MALFUNCTION CONDITION | PROBABLE CAUSES | ARMORER BENCH REMEDY |
|---|---|---|
| **Stoppage 1: Failure to Chamber Reloaded Ammo (Stepped Chamber Bind)**<br>**Factory ammo feeds smoothly, but reloaded casings bind 1/8" short of battery** | • Walther stepped chamber has tighter neck tolerance than standard SAAMI cylinder.<br>• Reloaded brass resized with standard sizing die without pushing shoulder back sufficiently. | **Gunsmith Action: Drop-check rounds using a dedicated 9mm cartridge gauge. Clean chamber with bronze bore brush dipped in carbon solvent. Use factory ammunition or full-length small base sizing dies.** |

## CURATED BENCH VIDEO REFERENCES

| PROCEDURE TITLE | INSTRUCTOR / CREATOR | TECHNICAL PROCEDURE SUMMARY |
|---|---|---|
| **Walther PDP Complete Detail Strip & Dynamic Trigger Install** | Walther Defense Bench | Step-by-step disassembly of the Walther PDP polymer frame, slide teardown, optics mounting procedure, and trigger tuning. |
